McNaughton, C. He sleepwalks, suffers from recurring nightmares, and has attended five schools in five years. Abrahamson Honored at Capitol. TheSpecterofCommunism. Asthma is more likely a differential diagnostic consideration than an underlying cause of recurrent pneumonia in children. They present a series of scientific problems ; none the less simple because the malady is so insidious, and our processes so vari-

able and intricate ; which demand for their solution the most rigorous and exact examination. Exactly the same 12 months, the Rolex for deep-sea divers diving tables occur from its h2o depth of one hundred meters. He started stealing early in life-actually on the day he was born. With this fundamental attitude of National Socialism we enter in definite opposition to the basic economic ideas of the capitalist state.
