You can keep going and build up expectations, and the farther you go, the more curious the audience will be. The narrator has an irritating habit of chuckling or grunting to make the listener think what has been spoken is obviously true I rate it a three, but for many people it would rate a one and for others it would be a five I have a very large audible library, and this is one of the of very few where the audio production quality was unacceptable. Oysters and clams would do very well, with an occasional supply of bread, but they soon failed in the absence of bread.
