The Church of England. A crude estimate of the fracture surface area that is created by pumping large volumes of frac fluid may be made by performing a mass balance and assuming that none of the fluid has leaked off or imbibed into the formation over the time in which the fracture network is created. Matthew traces Jesus' ancestry to Abraham through David - Matthew has twenty-seven generations from David to Joseph, whereas Luke has forty-two, with almost no overlap between the names on the two lists.
